				BIO	MATH	
Topic & brief description	Chemical kinetics	SQL	Electrical energy & power. Grouping of resistors.	Assessment on Ecosystem population and organism	Differentiation	Invisible man chapter 12
Class room	Discussion of questions and answers.	Project – creating databases	Discussing about the energy conversions, power dissipations & power transmissions & grouping of resistors in series & parallel.		Derivative of logarithm and exponential functions	Discussion to write an application letter.
Reinforcement work	Answer worksheet 5		Calculations of the practical work.		Solve the questions given in book	To write a Resume letter for apply for a job.
